TOGO'S PLANS.

Hayashi Says Japanese Admiral Will Continue Cautious Tactics.

London, April 19.—Baron Hayashi, the Japanese minister to Great Britain, expressed the opinion to the Associated Press that Admiral Togo would not give battle to Rojstvensky with his entire squadron, but would continue the cautious tactics which characterized his attacks on the Port Arthur, not because he feared defeat, but owing to his desire to inflict the greatest amount of damage on the Russians with the least loss to himself. While confident of his ability to accomplish the total destruction of the Russian squadron in a big battle, there is the danger of Togo losing one or two of his big ships. Therefore, Baron Hayashi believes Togo will employ his torpedo boats and torpedo boat destroyers which number more than 100, and are vastly superior to the Russian torpedo boat flotilla, in harassing the Russians, gradually picking off the Russian warships. He said the coasts of Japan, Korea and Formosa lend themselves to night work with torpedo boats, while the narrow channels will make the maneuvering of large warships difficult and dangerous.

CABLE CUT.

Sixteen Japanese Cruisers and Torpedo Boat Destroyers Scouting.

London, April 19.—The Daily Mail's correspondent at Singapore learns that Russian agents have cut the cable between Foo Chow and Formosa. A dispatch to the Daily Mail dated Manila, April 18, says: "This morning sixteen Japanese cruisers and torpedo boat destroyers were scouting off Samaloc point."

STOMACH TROUBLES COMMON NOW.

Winter Food and Living Strain Digestive Organs—Use Mi-o-na and Be Well.

The hearty food and overeating, so common in winter, strain the stomach and digestive organs so that by this time the average person is out of health. It may be a simple headache, possibly sleeplessness, or a general tired, weak feeling, but the chances are that the stomach is weak and cannot properly take care of the food, and as a result there is heartburn, indigestion, lack of energy and a general fagged out state.

The stomach needs health and strength. The various aches and pains that you have are the stomach's cry for help and its warning that it has been overworked.

Give it strength by taking a Mi-o-na tablet before each meal, and it will soon do its work so promptly and naturally that you will not realize that you have a stomach. There will be no acidity, no flatulency, no griping about the heart, no unpleasant gasses, no furred tongue, no inflammation of the mucous membrane.

A 50c box of Mi-o-na will bring buoyancy of spirit in place of lassitude and despondency. It will help the overtaxed stomach to start fairly on the road to health. It will give the sleep so necessary to brain and nerve centers.

Ask E. J. Jenkins, one of the most reliable druggists in this section, to show you the strong guarantee under which he sells Mi-o-na. Use Mi-o-na and you can soon eat what you want and all you want, for it will strengthen the weakest condition of your stomach and re-establish good digestion.

"ALL A MISTAKE."

Friends of the Ursuline ladies of Villa Maria Ursuline Academy have kindly volunteered to come up from Galveston to give the people of Bryan an enjoyable evening on the 29th inst., for the benefit of the institution. The bright, new comedy entitled, "All a Mistake," is to be presented under the direction of Mr. Jas. A. Boddeker, of the firm of Boddeker & Lyons, Galveston. This gentleman has been particularly fortunate in securing an amateur company of exceptionally fine histrionic ability, as will be convincingly proved in "All a Mistake," a play full of rollicking fun from start to finish.

CAST OF CHARACTERS.

Capt. Obediah Skinner, a retired sea captain. James E. Parish
Lieutenant Geo. Richmond, his nephew. Will C. Lothrop
Richard Hamilton, a country gentleman. James A. Boddeker
Ferdinand Lighthead, a neighbor. Adolph Dolson
Nellie Richmond (George's wife). Miss Olive Roberts
Nellie Huntington (a friend). Miss Julia Ott
Cornelia (Nellie), Obediah's sister. Miss Edna Balke
Nellie McIntyre, a servant. Miss Ethel Hansen
Time—the present.

SYNOPSIS FOR PROGRAM.

Act I—The arrival of George and his bride. The dilemma. A friend in need. The plot against the Captain, and its disastrous effects. The old maid and her secret. "Ferdie" in search of a wife. George's jealousy. The sudden appearance of a most undesirable party. George's quick wit prevents discovery.

Act II—The plot thickens. Cornelia in search of her "Romeo." Nell gets a letter which adds to the mystery. The downfall of "Ferdie." Richard attempts to try the "soothing system" on a lunatic. George has a scene connected with a fire in the furnace and some pitch tar. Richard runs amuck amid confusion.

Act III—The Captain arms himself with a butcher knife and plans revenge. Richard attempts to escape. Nellie hopelessly insane. The comedy duel. "Romeo" at last. "Only one Nellie in the world." The unraveling of a skein of mystery and the finish of an exciting day to find it was "All a Mistake."

SCENES.

Act I—Front lawn at Oak Farm.
Act II—Drawing room at Oak Farm.
Act III—Same as Act II.

A. L. C. PICNIC.

The members of the Anti-Cigarette League will enjoy their annual picnic today, the 21st, at Carter's Creek bridge at Booneville. Supt. Hunter requests that the mothers of the boys fix up nice baskets for them, and that as many of the parents as possible can attend the picnic. The boys are allowed to invite their sisters and any other girls they choose. A day of great pleasure is anticipated by all.

The crowd will meet at the courthouse this morning at 8 o'clock, and conveyances will be provided for those who have none.

Mormons have purchased 46,000 acres of land in Mexico.

"No quorum" is the way the reports of the legislative special session are starting. If that body wants to make good with the people of Texas the members had better get together, transact the necessary business and go home.

Judge W. P. McLean of Fort Worth, former congressman and railroad commissioner, is said to be slated for the court of criminal appeals bench, in the event Judge Brooks resigns on account of his candidacy for governor.

If Admiral Togo will torpedo Admiral Rojestvensky's name about the middle, causing him to lose about two-thirds of it—cutting it down to something like Roje—the printers and newspaper men will owe the Jap admiral a debt of gratitude.

Madisonville is now an incorporated town, and her troubles begin in a new place. We understand that Editor W. L. Turner will be urged for the office of mayor. He made a strong fight, and under the well established "to the victor belongs the spoils" he is entitled to consideration.—Huntsville Item.

The contract has been signed between A. T. Fisher of Boston, representing Eastern capitalists, and a committee of citizens representing San Marcos, Luling, Martindale, Prairie Lea and Fentress, which guarantees the construction of an electric line from San Marcos to Luling. Texas is moving forward and Bryan must remain in the van by getting the Bryan-College road.

SAN JACINTO DAY.

In eighteen hundred and thirty-six, Texas was in a desperate fix; The Mexicans plundered, burned and killed, And all the land with grief was filled.

On glorious April twenty-first, The Texans, like a thunder burst, Dashed over San Jacinto's plain And piled the ground with tyrants slain.

On that bright day the Texas star Arose and shed its beams afar; And distant nations wondering gazed, While that new star resplendent blazed.

Emblazoned on our banner bright, That star still sheds its glorious light, And gleaming 'mid its radiant fires Are writ the deeds of our brave sires.

Heroes they were in heart and hand, A glorious and immortal band; And their example still inspires Our hearts with patriotic fires.

Score one for Mayor Chas. Davis of El Paso. A special from that city to the Galveston News says: "Since the election of the new city administration numerous rumors have been current to the effect that gambling would be allowed to re-open here. Mayor Davis, incoming official, today issued a statement to the effect that gambling would not be permitted in the city during his incumbency. This action is received with great enthusiasm by the members of the Citizens' League, who were instrumental in securing the abolishment of games of chance, which for many years were run so openly in El Paso." The palmy days of gambling in Texas are forever gone. Henceforth the way of the transgressor is going to be hard.

Swift & Co. have purchased a 100,000 acre ranch and 7000 head of cattle in the Panhandle.

The International and Great Northern has closed a contract with the Missouri Valley Bridge Company of Leavenworth, Kan., to replace all bridges between Palestine and San Antonio with heavy steel bridges. The work will consume some six months' time and cost about \$600,000. Work is to begin at once. It is understood that steel bridges will be placed on all lines of the system and additional contracts for the work will be let.—Houston Chronicle.

Equitable Life Assurance Society Affair Attracts Attention.

CALLED ON MR. HYDE

Committee of Agents Who Visited the Vice President to Ask His Resignation Tarried but Twelve Minutes.

New York, April 20.—Developments in the Equitable Life Assurance Society, including engagement of Joseph H. Choate as counsel by James H. Hyde, demand of organization of general agents for Mr. Hyde's resignation and the institution of proceedings in Louisiana asking for a receivership of the society under the Louisiana law, engaged public attention Thursday almost to the exclusion of other topics. Mr. Hyde made an appointment to meet Thursday the committee of general agents appointed to demand his resignation. This committee is made up of Joseph Bowes of Baltimore, W. J. Roddy of South Carolina, Frank C. Levy of New Orleans, Charles Jerome Edwards of Brooklyn and Charles Wake of New York. While Mr. Hyde agreed to receive this committee he declared he had no intention whatever of resigning; that he regarded the action of the general agents making such request as "impertinent, extraordinary, insulting and most preposterous." The demand by the agents for investigation and action inaugurated in Louisiana is regarded as making critical a condition which was already extremely serious. When the committee called at Mr. Hyde's home, at 90 Fortieth street, they were met by Mr. Hyde and W. H. McIntyre, Charles B. Alexander, W. C. Gulliver and Alvin Kreech, his advisers. The committee remained in the house twelve minutes and returned to the Hotel Savoy without giving any intimation of what occurred. Representative of Mr. Hyde announced, however, that a stenographic report of everything said at the meeting had been made and that an official statement will be issued by Mr. Hyde in a letter.

PLEASED WITH JURY.

Miss Nan Patterson Says She Feels Confident of Being Acquitted.

New York, April 20.—The three lawyers who are acting as counsel for Nan Patterson had a conference with her in the tomba prison Thursday, at which plans of defense and personnel of duty were discussed. Lawyers Abraham Levy, Henry W. Unger and Daniel O'Reilly were present. Miss Patterson expressed her pleasure at the composition of the jury and disappointment at the delay of postponing taking testimony until Monday. "I am sure of an acquittal this time," she told Lawyer Levy, "and every day only adds to my misery in the tombs. Ten months and three weeks is a long time to be shut up in prison."

Lawyer Levy said: "We have new witnesses who will establish Nan Patterson's innocence beyond a doubt. We go into this trial 100 per cent stronger in point of evidence than we did in the last trial. We are not going to rely upon failure of the prosecution to prove its case for acquittal. We are going to prove the innocence of Nan Patterson."

ALMOST OVERCOME.

Judge Washburn Said It Was Most Trying Duty of His Life.

Elyria, O., April 20.—E. E. Kaneer, former cashier of the closed Citizens' Saving bank of Lorain, pleaded guilty to embezzling the funds of the bank and was sentenced to serve seven years in the penitentiary. H. B. Walker and Dan A. Walker, teller and bookkeeper respectively of the bank pleaded guilty and were each sentenced to two years and six months. Judge Washburn, in sentencing the prisoners, said it was the hardest task undertaken by him during his official career, Kaneer being a close and life long friend. The judge was almost overcome with emotion.

AWFUL MISTAKE.

Hearing a Noise, Doctor Shoots and Kills Another Physician.

Richmond, Va., April 20.—Thinking an attempt was being made to rob the bank, Dr. Lawrence Anderson Bragg, who has rooms in the Citizens' National bank building at Covington, Va., shot in the direction of the noise, killing Dr. Alexander Nason, of the staff of the Western State hospital, who had arrived on a late train to visit his brother, Attorney George T. Nelson. In endeavoring to reach his brother's room near the bank, Dr. Nelson lost his way and was at the entrance of the bank building when killed.

AMERIKA LAUNCHED.

New Hamburg-American Line Steamer Ready For Ocean Voyages.

Belfast, April 20.—The new Hamburg-American liner steamer Amerika was launched here Thursday in the presence of thousands of people, including Walter Long, chief secretary for Ireland, and Lord Londonderry, lieutenant of county Down. The vessel is intended for immediate service between Hamburg and New York. Her tonnage is 22,500, with a capacity of 16,000 tons of cargo and about 4000 passengers and crew.

Mrs. McLean Led.

Washington, April 20.—Result of first ballot for president general of the American Daughters of the Revolution was announced as follows: Mrs. McLean, 342; Mrs. Sternberg, 201; Mrs. Lippitt, 154. Necessary to a choice, 654.

TURNING MOVEMENT.

One Has Been Discovered by the Russians of Chinese and Japs.

St. Petersburg, April 20.—A dispatch from Gunshu Pass says the Russians have discovered a turning movement eighty miles northwest of Kuanchengtsu, about thirty miles northeast of Gunshu Pass, by two forces each of 3000 Chinese bandits, several thousand Japanese cavalry and twenty-two guns.

EAST GATE OF MUKDEN.

Kuanchengtsu is identical with Changchun, the extreme right of General Linevitch's main front, which extends thence toward Kirin.

NO FORMAL PROTEST.

Japan Has So Far Failed to Object to Russian Squadron.

Paris, April 20.—No confirmation had been obtained up to noon Thursday of the report that Japan formally protested against the stay of the Russian squadron in waters of Indo-China as being a breach of neutrality. The following guarded semi-official statement was issued: "Nothing is known in the highest French diplomatic quarters concerning the protest which, according to certain foreign reports have been formally addressed by Japan to the French government relative to violation of neutrality by the Russian squadron. Furthermore the squadron has been outside of French waters for several days past."

In view of Thursday's press dispatches saying the Russian squadron was still at Kamranh Bay, the last part of the semi-official statement appears to indicate that Admiral Rojestvensky has withdrawn outside the three mile limit with shore line of bay, which, according to French law, constitutes an open sea.

CARS STONED.

Windows Smashed and Missiles Going Through the Windows.

Rome, April 20.—The railroad strike situation has somewhat improved and foreigners profited by the partial re-establishment of train service to escape from Rome, fearing a general strike. During the last twenty-four hours the exodus from the city reached 7000, travelers preferring to face delays than remain here.

Princess Xonia of Montenegro, sister of Queen Helena of Italy, who should have arrived here Wednesday night, reached Rome Thursday morning. Two large stones were thrown at an express train between Bologna and Venice, passing completely through one carriage and smashing windows on both sides, but without touching any one. The train was stopped, but the perpetrators of the outrage escaped.

AT KANSAS CITY.

Hadley Says He Has Secured Evidence Against Standard Oil Company.

Kansas City, April 20.—James R. Garfield, commissioner of corporations, and Herbert S. Hadley, attorney general of Missouri, held a conference here at the request of the Missouri official, who is pushing the investigation of the Standard Oil company's method in this state. Mr. Garfield arrived here after a week spent investigating the oil situation in the Kansas and Indian Territory fields to deliver an address before the Knite and Fork club at its regular monthly dinner. Before going into conference Mr. Hadley said: "We have already secured enough evidence to prove that the Standard Oil company has been violating the laws of Missouri in monopolizing oil products of state. We hope, however, that the assistance of Mr. Garfield and evidence that will be brought out as a result of his investigations will make the state's position stronger than ever."

"LINE SALOONS."

Citizens of Comanche County, Oklahoma, Complain of Them.

Lawton, April 20.—Citizens of Comanche county along the entire eastern line make complaints against "line saloons" because of disturbances by drunken men, and city and Federal authorities have been instructed by the grand jury to make investigations. A series of these saloons extending along the division between Comanche county, Oklahoma and Indian Territory are frequented by rough men from the Chickasaw nation, who cannot buy liquor elsewhere.

GREATER PITTSBURG.

Pennsylvania Governor Signs Measure Consolidating Two Cities.

Harrisburg, April 20.—Governor Pennypacker signed the Greater Pittsburgh bill, which provides for the consolidation of the cities of Pittsburgh and Allegheny City.

Wound Up In Kansas.

Independence, Kan., April 20.—James R. Garfield, commissioner of corporations, wound up his investigation of the Kansas oil field and left for Kansas City. On his return from Bartlettville, I. T., where he spent Wednesday, he conferred with all the officers of the Kansas Oil Producers' association and State Senator Fitzpatrick, their attorney.

WITH A WHOOP.

Motion to Appoint Packing House Committee Enthusiastically Adopted.

Amarillo, Tex., April 20.—The second day's session of the Panhandle Stockmen's association developed chiefly a decision to have a committee take up the packing house prospect, though a number of valuable papers were read, or, to be exact, informal speeches on technical points were made.

The committee appointment, made just at the close of the morning session came, almost precipitated an uproar through a misunderstanding, prompting L. B. Watkins, opponent of the immediate action subject, to rise to his feet. A point of order was made against his speaking, and only by the exercise of good lung power was he enabled to second the motion. When it dawned upon the convention that he was actually supporting the committee it rose to its feet on chairs, whooped, whistled and yelled in enthusiasm.

Professor John A. Craig of the agricultural and mechanical college spoke on experiments in cattle feeding. Congressman Stephens was called and spoke at some length, paying especial attention to the development of Texas from his boyhood to the present time, and to the need of corrective legislation to protect the cattlemen from the trust.

C. B. Pash spoke on the experiment station of this section on the packing house plan. Yoakum's railway plans as affecting the Panhandle and the sugar beet industry.

The evening was given over to the cattlemen's ball in Elks' hall, which very nearly every one attended, and a reception to the ladies, given by the Elks.

REBUTTAL EVIDENCE.

It Is Said That Both Sides Will Introduce Much of This.

Austin, April 20.—In the Kirby-Vandervoort case, attorneys for both sides said there would be much rebuttal testimony introduced.

W. B. Wortham, who was recalled, denied all knowledge of a portion of a conversation between himself and Mr. Kirby alleged to have taken place in the latter's private office in Houston and which portion was said to have been heard by Earnest Ayres. This fragment of conversation, as stated by the interrogators was as follows:

Mr. Kirby—I will lay the matters before Calhoun. Of course I will protect you and reimburse you.

Mr. Wortham—Kirby, the money has already been paid, and if it is not replaced there will be a public scandal.

Ernest Ayres was then placed on the stand and asserted that he had overheard such a fragment of a conversation between Mr. Kirby and Mr. Worth. He said he was positive of it. He did not mention what he knew about it to any one until after the Moore trial, because his curiosity as to its importance was not aroused until he read something about the Moore trial in the papers.

A transcript of a shorthand report of a portion of the cross examination of Frank D. Glover on the trial of Warren W. Moore was offered by the defense, the avowed purpose being to establish a basis for the impeachment of Glover.

NEXT AT DALLAS.

Sons of Hermann Hold 1907 Convention In That City.

Houston, April 20.—Sons of Hermann selected Dallas for the next biennial meeting place. Following were elected officers: Frederick Hoffelz, grand president, from Berghelm, Tex.; William Oldenburg, first grand vice president, from Galveston; C. J. Von Rosenberg, second grand vice president, from La Grange; John Bauer, grand secretary, from San Antonio; Gus A. Hellig, grand treasurer, from La Grange; Dr. R. A. Goeth, grand physician, from San Antonio; John Windlinger, grand trustee, from Dallas; Ludwig Scharck, grand finance commissioner, from Houston.

GALVESTON ARRIVES.

Cruiser Named After Island City Now Berthed at a Pier.

Galveston, April 20.—The United States cruiser Galveston arrived in this port Wednesday after a voyage of nine days, slow speed, from Norfolk. She was visited by several hundred people at her moorings. The ship is berthed at a pier in the heart of the city, which has never been the case on former visits of battleships. The silver service to be presented to the ship by the citizens of Galveston will be delivered with appropriate ceremonies on Monday.

Resting Quittly.

West Palm Beach, Fla., April 20.—At midnight Wednesday night Joseph Jefferson was sleeping.

MINOR MATTERS.

Earl of Stanhope is dead. Merchants of Denison will have a steamboat jubilee.

Mayor Davis of El Paso says gambling houses cannot reopen.

A company is boring for oil half a mile northwest of Mineola, Tex.

FIRE IN VANDERBILT.

Main Building of Noted University Entirely Ruined by Conflagration.
Nashville, April 20.—The main building of the magnificent structure, Vanderbilt university, was entirely gutted by fire just before noon Thursday. The fire originated in the second story of the building from a defective flue. A high wind was blowing and in a few minutes the entire structure was a mass of flames. A general fire alarm was turned in and every engine in the city responded. On account of the inadequate water supply the firemen experienced much difficulty in fighting the fire. The loss will be almost total, only a few fixtures being saved. Other buildings were not damaged.

WAREHOUSE GUTTED.

Two Firemen Had Probably Fatal Fall and Others Also Injured.

Memphis, April 20.—The warehouse of Crane Bros., machinery, was gutted by fire Thursday. The loss is \$30,000. Two firemen, Edward Murphy and William Cox, were probably fatally injured by falling from the building. Two others were less seriously hurt.

Resignation Accepted.

St. Louis, April 20.—President Joseph Ramsey, Jr., of the Wabash railroad, whose resignation as president of the Wabash-Pittsburg Terminal Railway company has been accepted by the directors, declines to discuss the matter further than to say differences as to policy and administration of the company's affairs made it impossible for him to work in harmony with the directors.

For Resisting Arrest.

Guthrie, April 20.—Deputy Sheriff Bill Steneman of Canadian county shot and fatally injured Private John Tucker, colored, company E, Twenty-fifth Infantry, stationed at Fort Reno. Tucker was resisting arrest and opened fire on the officer.

Much Better Thursday.

West Palm Beach, Fla., April 20.—Joe Jefferson, veteran actor, was improving considerably Thursday. There is much hope now for his recovery.

DEFENSE CLOSED.

John H. Kirby Was on the Stand During Entire Morning Thursday.

Austin, April 20.—The defense closed at noon Thursday in the trial of the state against John H. Kirby and A. S. Vandervoort. The feature of Thursday's proceeding was the testimony of John H. Kirby, who was on the stand during the entire morning session. After the preliminary questions, Kirby testified that he was in Washington when he received a telegram from Gregory & Batts and Judge John H. Robertson, his attorneys, informing him about the grand jury having been called to make an investigation of the alleged bribery cases. Kirby took the next train for Texas. Kirby stated that he was in Beaumont when he was advised that a draft had been drawn against him for \$12,500 by the First National bank of Austin, and he gave instructions to turn over the draft to Helwig, an officer of the Kirby Lumber company, but he did not advise him to pay it. The draft was, however, paid, and half charged to the Kirby Lumber company and half to the Houston Oil company. The witness then went over the re-organization of the First National bank, which brought out some disclosures. Kirby testified that he came to the rescue of the bank through his friendship for Wortham, and kept down a scandal about the state's money being deposited in the bank, and he being one of the sureties on the bond of State Treasurer Robbins. He also did so to save the Democratic party from disgrace. Kirby testified that during a conversation with W. B. Wortham, the latter had told him that he had gone to a mutual friend to get money to give Judge D. A. McFall in order that the anti-trust suits might be dismissed and this mutual friend had said: "Go into the vault and help yourself." This mutual friend, Kirby testified, he identified to be none other than State Treasurer Robbins. Kirby further testified that Wortham got the money and paid it to McFall, and the draft was subsequently paid in order to reimburse Wortham, who had secured the cash.

DEPENDING UPON TOGO

His Skill as a Naval Strategist Is Favorably Viewed.

ANXIETY OF BRITISH

According to a News Agency a Momentous Conference of Elder Statesmen, Premier and Ministers Held.

London, April 20.—The British public is only now beginning to realize how much depends on Togo's skillful conduct of the approaching naval contest. Until Vice Admiral Rojestvensky actually arrived in the Straits of Malacca there was a disposition to ridicule the efforts of the Russian squadron, but now that there is soon to be a growing likelihood of Vice Admiral Neboogatoff joining Rojestvensky before the fateful struggle opens, the lukewarm interest is deepening into anxiety.

According to the Tokio correspondent of a news agency a momentous war conference, lasting five hours, was held there on Wednesday, attended by elder statesmen, the premier and ministers. It is not difficult to conjecture the nature of the council's deliberations.

Tokio correspondents state that Japan has addressed a protest to France on the Russian Pacific squadron's presence at Kamranh Bay, but say that France has not yet replied.

The Daily Telegraph's correspondent at Tokio states that two steamers which passed close to Kamranh Bay on Sunday report that no Russian vessels were then visible. No news, however, has yet reached London to show that the Russians have left Kamranh Bay, and it is assumed that they are still there.

ATTACK ON RAILROAD.

Determined Attempt Was Made to Cut It Several Nights Since.

Harbin, April 20.—There was a determined attempt on the night of April 17 to cut the railroad between Harbin and Vladivostok, a formidable body of Chinese bandits making an attack near the station of Inyampo, 100 miles east of Harbin. After a desperate fight, which lasted several hours, the bandits were driven off and dispersed.

SEASON OPENS.

First Games in the Southern Baseball League Played Wednesday.

Atlanta, April 20.—The baseball season of 1905 was inaugurated here by Governor Terrill, who tossed two balls across the plate, the first being a "ball," the second being a clean strike, which the Nashville batter missed. A crowd of about 4000 fans witnessed a victory for the local team. Nashville losing by a score of 8 to 0. The game gave promise of being close till the fifth inning, when Nashville lost a grip on things and allowed the locals to score four men. Nashville had the better end of batting honors, securing 8 hits to Atlanta's 6. At Birmingham the home team defeated Montgomery 5 to 2. Arthur Reagan, formerly of the Dallas club of the Texas League, pitched for Birmingham.

National League.

At Pittsburgh.—President Pulliam inaugurated the baseball season here by throwing the first ball. Game resulted: Pittsburgh, 8; St. Louis, 4.

At New York.—New York, 6; Philadelphia, 5.

At Boston.—First game: Boston, 2; Brooklyn, 1. Second game: Boston, 1; Brooklyn, 0.

At Chicago.—Chicago, 3; Cincinnati, 1.

American League.

At Washington.—Washington, 3; Boston, 2; eleven innings.

At St. Louis.—St. Louis, 2; Cleveland, 0.

At Detroit.—Detroit, 3; Chicago, 0.

At Philadelphia.—Philadelphia, 7; New York, 6.

GIRL BACKED OUT.

Groom, Who Purchased the Trousseau, Calls and Takes Away Clothes.

Guthrie, April 20.—After the bridegroom to be had agreed to, and did, purchase the trousseau for his affianced bride—a trousseau that was the envy of every matron and maid in the neighborhood—the girl who had promised to become the better half of a young farmer some miles from here, refused to do so. There were dresses for the kitchen and parlor, a traveling gown, dainty lingerie and numerous other articles, and a honeymoon trip was on the programme, but the young lady refused to reconsider, and the wedding was declared off. The young man went home, angry and sad. Finally he drove back to the girl's home, packed all the finery in a trunk and hauled it home.

SHIRTSLEEVE SERVICE.

Minister Held Hoehandle While Couple Were on Roadside.

Guthrie, April 20.—Fred Johnson and Miss Eva Walker of Coyle, this county, called Rev. John Coats from his cornfield and were married, the minister being in his shirtsleeves and supporting himself on a hoehandle. A barb wire fence separated the minister from the bridal couple.

Control of Much Land.

Muskogee, April 20.—Dick Adams, the noted Delaware Indian, has practically been given control of 20,000 acres of land in the Cherokee nation, known as the Delaware claim.

General Strike.

Tiflis, Caucasus, April 20.—A general strike of railroad men has broken out here and at Baku. The train service is entirely suspended.

MOORE HEARD.

District Attorney Takes the Stand in Kirby-Vandervoort Case.

Austin, April 19.—Before a crowded courtroom District Attorney Warren W. Moore testified Tuesday afternoon in the Kirby-Vandervoort case. His direct examination was brief. The cross-examiners were County Attorney John W. Brady and Assistant State Attorney General Howard Martin. Mr. Brady asked questions which elicited a technical discussion of the questions law involved in the anti-trust suits against the Kirby Lumber company. The questions were involved and the answers even more so, necessitated no doubt by the subject under consideration, but the testimony given during this time was such that it passed the understanding of laymen. Mr. Martin's questions, however, were directed solely to matters connected with the bribery charge—that is to say, with the alleged payment of the money, and the questions and answers thereto were heard with the keenest interest.

Judge Calhoun, who presided over the trial of District Attorney Warren W. Moore, was again on the stand.

Judge Brooks settled the question of whether or not the defense would be permitted to endeavor to prove that a conspiracy to blackmail has been formed by overruling the objections of the state to the testimony sought to be obtained from Judge Calhoun.

Other witnesses testified.
